

CLAY SHOOTING

Combining a Thames cruise with clay shooting competition makes for a very memorable and full day out, and we have teamed up with Pursuits and Pastimes to bring entertainment, training and skill to the clay shooting arena. The day is beautifully rounded off with the opening of Tower Bridge, and as the barge passes underneath we award the prize for the best shot! All this combined with our renowned catering and hospitality, the Clay Shooting Cruise always proves to be an excellent medium in which to entertain.
