

# NETWORKING

Whether static at St Katharine Docks or cruising along the Thames, a networking event with Topsail is a great solution when you need a venue that is not only different, but one that works with you in these trying times. Held aboard a beautiful Thames Sailing Barge, we offer exceptional service, delicious catering, and the unrivalled experience of Tower Bridge opening. The event can be held at lunchtime, or in the evening - timing is flexible but up to two hours works well - all at surprisingly good prices.
